The Sienna -

Performance

At 41,000 BTU's, the Sienna is a powerful and efficient heater. It has the best heat exchanger available on any insert to take advantage of all this energy. The 130 cfm convection fan helps to move the heat further into your home. We have given the Sienna a 50% turn-down ability to control the heat.

Design

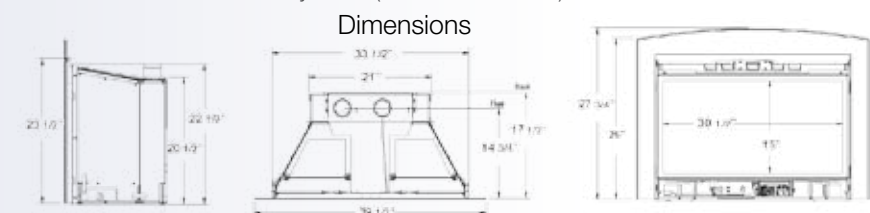

The many faces and surrounds allow you to build your insert to add to your home's decor. Simply choose one style from the many faces available or combine different faces and surrounds to build your own unique look. The 5-piece log set and 5-piece "Banker's Brown" brick liner help to frame this beautiful fire. We added a cast iron fire grate to complete the picture. This insert is direct vent but can be converted to a B vent which allows it to fit into a wider variety of install situations.

Exclusive "Enviro EmberGlo" Burner

Over many years, Enviro has developed its "EmberGlo" burner system to give your fireplace a radiant ember bed. The mixture of gas and air is the secret to the "Enviro EmberGlo" burner, creating the gentle meandering look of a wood fire.

Focus with Painted Cape Cod Face and Opening Doors

Focus with Brushed Nickel Cape Cod Face and Opening Doors. Other combinations available.

The Focus -

Performance

Versatility, craftsmanship and style combine to make the perfect fireplace insert. This 19 1/2" high unit is able to fit into most fireplace openings. At 30,000 BTU's with a 50% turn-down valve the Focus delivers a lot of controllable heat. The standard 130 cfm fan helps to move this heat further around your home. This insert is direct vent but can be converted to a B vent which allows it to fit into a wider variety of install situations.

Design

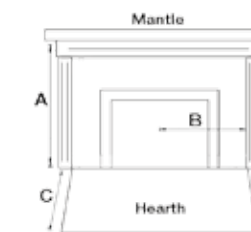

Continuing the "Sherwood Home Collecton" theme, the Focus offers a wide variety of face options. Choose from several different finishes - Antique Copper, Pewter, Nickel and Gold, or 7 different porcelain enamel colors. Some of our many design styles include louvers, opening doors and the traditional cast iron bay front. This versatile unit will add to the style you have picked for your home. The beautiful flame is delivered by our "Enviro EmberGlo" burner, while the 3-piece "Banker's Brown" brick liner and 4-piece log set complete this uniquely versatile fireplace insert.

Face Options for the Focus:

Louvers - for use with Arched Unit Panel, Standard or O/S Surround Panel
 Bay Face - Gold, Nickel or Painted cover.
 Cast Iron Bay Face - 7 porcelain colors or Flat Black.
 Cottage Face - Antique Copper, Pewter, Gold or Painted trims.
 Cape Cod Face - Brushed Nickel, Brushed Gold or Painted.
